STANFORD, KY., FRIDAY, FEBRUARY 8, 1907.

NO. 93.

Bobbitt's Jottings.

STANFORD, Feb. 5.—Being stranded again in this city and this time in a snow drift, I will indite a line or two to the best semi hebdomadal newspaper between the two oceans. Mart Moore has been back again from Williamsburg; has more cattle at Mrs. Ballard's, among them 12 milk cows. He is much pleased with the INTERIOR JOURNAL and the notice taken of his advent last county court day and will be here again the 11th. I saw my much esteemed friend yesterday, Mrs. A. M. Feland. I had not seen her since they used to send their lovely daughters to the court house after me more than two decades ago. I told Mr. Feland that the only objection I had to his kind hospitality was he put me to death in a triangular manner. He fed me to death, treated me to death and talked me to death. My lamented friend has crossed over the silent river now. I never knew a kinder, nobler or more generous man. The passing years leave their dry, dead leaves upon the scenes of the past. Past and passing events all declare there is an end to all perfection—to all things earthly. Even the lovely maiden, upon whose damask cheek the rose and lily have woven a texture of beauty, will wither, fade and fall into decay. People often express astonishment that he who owns such fine horses always goes on the train. Well, he who always walks will never fall from a horse. He who sleeps on the floor will never fall out of bed. He who sups upon a crust will never die of gout. The above are my own home-made maxims.

The people are still being taxed to death. Supervisors raised the people \$222,978. If the 119 counties do likewise, after the next collection it does seem that we would not need any more taxes for several years. The board of equalization may raise us much more. If A gives in his horse at \$100 and the board raises him to \$200, does not the board double his taxes without increasing the value of the horse? And it is the same with land and any other property. I intend to be heard on this subject of taxation.

IN MEMORIAM.

In loving memory of Mary Riffe Frye.

Dear little Mary Frye,
Once so happy and bright;
Oh, so soon to die and fade,
Like a blooming flower in the night.

Only a few short days ago,
So full of life and love,
Torn from those who loved her so,
For a home in Heaven above.

Oh why should so fair a flower
Be in its early bloom cut down?
'Tis Jesus calling for His brightest gems
To set in His golden crown.

One more little angel around the throne,
One more little soul to its Savior gone;
One more little voice in the angel band
To sing forever in that glorious land.

Oh grieve not, ye loved ones,
That your darling is no more;
She is with her loving Savior
On the bright celestial shore.

I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at Penny's Drug Store. No. 75—150,000 acres of cotton land in Mississippi. The timber is becoming more valuable all the time for the reason that lumber people from the North, where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be exceeded anywhere else. This land is divided into tracts ranging from 40 acres to the tract of 12,000 acres to the tract and prices from \$8 per acre to \$16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, in price without any tract out of market long enough for the purchaser to make an investigation. Dry Feet!

There is no part of one's dress so necessary to be well cared for and looked after as the

SHOES

we wear. It is a great temptation these days of high priced leather for the manufacturer to take a little from the quality and the consumer never be able to detect it until he has worn it. We have been

Exceedingly Cautious

in this matter and I doubt if there is another stock of Shoes in this section as free from COMPOSITION insoles and counters and cut off vamps and tips as ours. We BELIEVE CANDIDLY that The "Walk Over" and "Manass" for fine shoes \$3.50 to \$5 and the J. T. Wood, heavy goods, like "Honest Mike," "Level Best," &c., are built today of better sole leather, better upper leather than any goods on the market today. Try them and compare them with any goods at same price and see if we have not told the facts. We sell them.
